Dedication

The Ninth Edition of Tricolor is respectfully dedicated to the students of Strothcono High School who socrificed their lives to make a better world.

"Or ever the silver cord be loosed, or the golden bowl be broken, or the pitcher be broken at the fountain, or the wheel broken at the cistern. Then shall the dust return to the earth as it was: and the spirit shall return unto God who gave it."

--Ecclesiastes.

Editorial

"Well kids, this signs '30' to the 1946-47 edition of the Tricolor. Every last 'by-line' has been added and the Year Book has been 'put to bed'."

"But what about the editorial?"

"Didn't I write it?"

"Could be. Where's the 'dummy'?"

"Here it is. But no editorial."

"Hurray! Oh, sorry, I mean tsk, tsk. Well, here goes."

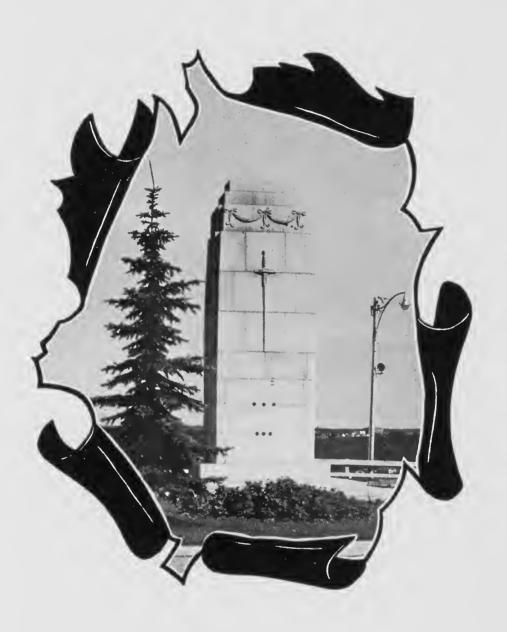

After months of arduous toil, meeting at odd hours in odd places, threatening, cajoling and pleading on bended knee, we have managed to gather together the mass of material and immaterial needed to present a Scona Year Book. It seems that for each ounce of the printed word, it takes six pounds of assorted paper, ranging all the way from a fragment torn from a notebook to the inside of a paper bag.

They say that a day has not been wasted if it brings a good laugh and a scrap of knowledge. We've certainly had the laughs, and the staff, consisting of an Editor or slave, Co-Editors or cutters and fitters, and an assortment of handsome males and beauteous females with leanings toward literature, has had to learn the meanings of "dummy", "cut", and "set-up" and other terms which form part of the, at first, incomprehensible jargon of journalism. Poughkeepsie Gazette, here we come!

Our thanks are due and gratefully given to all those who have made this edition possible; to the printers, for putting up with our frequent visits and silly questions, to the advertisers, for their continued support and sympathetic reception, to members of the teaching staff, for their patience with disrupted classes, and to Mr. Robertson, Mr. Pollette and Miss Murray, for their help and encouragement.

And now, as you read this, the 1946-47 edition of the "Tricolor", In Memoriam, is "on the street."

JO PILCHER.

In Memoriam

In Memoriam

1914-1918

"They shall not grow old, as we that are left grow old:
Age shall not weary them, nor the years condemn.
At the going down of the sun and in the morning
We will remember them."

IM MEMORIAM

We deeply mourn the loss of Mr.
Burchell, who died Morch 25th, 1947.
He was not only a teacher, but a dear
friend, beloved by oll.

TO THE STUDENTS OF OUR TIME

Of old, in clossic Greece ond Rome,
The midnight oil consumed
Bespoke the seorcher after truth,
And wisdom's page illumes.
And mony o moxim soge ond wise,
And mony on oxiom true,
Resulting from their labors,
Have come down to me ond you.
Now note the wisdom of our doy—
The student needs no more,
O'er problems difficult, ond ponderous terms,
At midnight hour to pore.

But os the gods with wisdom filled,
Moy seek his own delight,
And with thot noble end in view
He sollies forth ot night;
But still to be conservotive,
The midnight oil must burn,
So in his study room 'tis left
Alight till his return.
At one or two ond sometimes three,
He comes with steolthy tread,
And then the midnight oil but serves
To light him up to bed.

Principal's Message

S THE 1947 YEAR BOOK of Strathcona High School goes to press, we regret that both our "Honor Roll" and "In Memoriam" lists will be incomplete. The Year Book Staff has done its best. All omissions brought to our attention will be added in the next edition. When we look at the names of the boys who will not come back, we have both a feeling of pride and of great sorrow. I knew these boys and I loved them. I know that their fathers and mothers are overwhelmed with grief. How brave these parents are, even though their hearts are aching. May God bless them and bring peace to their hearts. The fallen heroes would have it thus. Many of these boys, when leaving, said: "Mother, are you not proud of me that I am able to go?" and left with a smile. These gallant young men died in defence of their homes and country. They watch over us. Their memory will always be a torch to us. Their hopes and faith bring some comfort to our hearts. "Do not be sorry for us" they said. From their sacrifices, may we have peace on earth, good will to all men.

To the members of the Graduating Class, we say that we hope your years of training at Strathcona have not only seen you grow in stature, but also in knowledge, wisdom and understanding. Personality and character are very important. We hope you have learned the "Scona Smile" with a wee bit of a sparkle. We must learn to co-operate with our fellow man. Love never faileth, worketh no ill; love thy neighbor as thyself. Your steps will henceforth be those of your own choice. You must make your own decisions and solve your own problems. As you venture forth, may God be with you and bless you.

"Counsel in the heart of man is like deep water, but a man of understanding will draw it out."

PRESIDENT'S MESSAGE

Went the day well? . . . died and never knew But well or ill; Freedom, we died for you.

For the first time in the history of Strathcona High School we are dedicating our year book to those students of our High School who did not return from battle

Well they knew the price of Freedom and many of these, the older brothers of some of the students in our holls today, paid the supreme sacrifice, that we may enjoy a better world.

It is the duty of Strathcona High students to prize this freedom won at such cost to nations, cities and even schools such as ours. The example of those who paid the supreme sacrifice is a challenge os well os encouragement to those students who go forth into the professional and business world.

This year marks Mr. Robertson's fortieth year of teaching South Side

High School students. We are indeed proud of his ochievement. Scona's "school spirit" has achieved a new high, os shown by the

attendance at the rugby games and school functions.

At this time I should like to tender a vote of thanks to Mr. Robertson, our Honorary President; Mr. Clark, our Advisor; Mr. J. Pollette; and ou-Bonker, Mr. Rookwood for their thoughtful co-operation and untiring efforts.

The Graduation Banquet and Donce held in the Macdonald Hotel was most successful, thanks to the skilful management of the graduating

committee—sponsored by Mr. Pollette.

In conclusion, may I say it is the duty of us, the younger generation, to treasure our democratic way of life for which many former students have given their lives. Whatever the career you may choose, carry on with the spirit of sportsmanship and co-operation that characterized your days a Strathcona High. ROSS CURRY.

The Graduotian Banquet and Dance which climaxed the sacial activities far the year was well attended and a happy party indeed. At time af writing rumar has it that another dance is being planned.

Althaugh we have played hard, we have also worked hard. We hope that the untiring efforts of same of our faculty will not be without reward in the satisfaction that the students of Scono set a record for high marks.

THE GRADUATION BANQUET AND DANCE

Snow drifts, stalled cars, icy winds meant nothing to the gay lotharios and their dazzling damsels, pushing toward the Macdonald Hotel on March 7th, to celebrote groduation from Strathcona High School. After all, kiddies, these students had struggled through years in the old building, had endured the vicissitudes of a high school education, and were not to be daunted by cold weather.

A highlight in the yeor's activities had been reached with the Graduation Banquet and Dance, and the Macdonald Hotel provided the most attroctive setting. Formality was the order of the evening. Grace was said by Mayor Ainlay. The meal which followed was 'topped off' by Baked Alaska, for which the Macdonald Hotel is justly fomous. The toast to the King was proposed by the president of the orad. class, Gordon Hughes. Musical numbers by Beth Johnson, Phil McComb, and Irene Bowermon provided entertainment after dinner. The presentation of awards followed—Phyllis Cox again received the Griesdorf Cup, for general proficiency. Phyllis has held this award for two successive yeors and is the first student to have this honor. Mr. Wagner presented the Horlev-Millar-Sutton Trophy to Aubrev McGregor for general proficiency. The Wees Cup, for highest academic standing in Strothcono was received by Delia Goetz, who had on overage of 93 percent.

The toast to the school was proposed by Lee Bornstein, the response made by Mr. Scarborough. "The Graduation Class," proposed by sophomore, Leo Krysa was responded to by Delia Gaetz. Dick Bradshaw delivered the Valedictory Address. The Grad. Class executive included: Honorary President, Miss Murray; President, Gordon Hughes; Vice-President, Muriel Jones; Secretary, Gretta Marlatt; Historian, Jean Bibby; Treasurer, Kay Macaskill; Valedictorian, Dick Bradshaw.

They are to be thanked for the success of the banquet and dance. However, this, as well as most of "Scona's" social functions, such as the Freshman's Fling, Sadie Hawkins' Shuffle, and Candle Capers, to say nothing of the Year Play, was largely the result of Mr. Pollette's enthusiastic, capable and tireless work. Therefore we would like to take this opportunity to thank him.

Frank McCleavy's orchestra provided the music for dancing until midnight, when the 1947 Graduation Banquet and Dance became a fond memory.

HISTORY OF THE GRAD CLASS

"A school is not merely an intellectual workshop, but a community where the emotions are stirred, the imagination quickened and ideals of life imparted."

-WALTER S. ATHEARN.

In presenting an historical record of the many and varied activities of the Graduating Class of 1947, space limits the adequate recounting of all but the highlights, and does not permit any reference to those invisible ties which have been built up by the class during the years at Scona High.

The majority of our students in the Graduating Class this year obtained their elementary education either from King Edward, Queen Alexandra, Garneau, Rutherford, Ritchie or Bennett, where they received the groundwork for High School entrance.

Scona has always been proud of her outstanding students and this year's class has had its share of honor. The Wees Cup, for the highest academic standing in the school, was awarded to Delia Gaetz; Aubrey McGregor won the Harley-Millar-Sutton Memorial Trophy and Phyllis Cox, the Griesdorf Cup.

We have all enjoyed and looked forward with the greatest anticipation to the social events held during our years at Scona. The various Lits, the Christmas dances, and the annual "At Home" semi-formal have played their part in making our social life a happy one.

Each year is marked by the publication of the Year Book, the presentation of the Year Play, and last but certainly not least, the Graduation Banquet.

The many club and sport activities indulged in have promoted a healthy physical and mental growth and fostered an excellent spirit of co-operation and sportsmanship.

During our period at High School, World War II was brought to a victorious conclusion and we now stand on the threshold of the Atomic Age. This raises a challenge for class 1947 to face the future with caurage, and to do our part towards the preservation of peace.

JEAN BIBBY.

Classes

Valedictory

The toil of the brave
Is not lost in darkness
Neither hath, counting the cost
Fretted away the zeal of their hopes.

This year we of the graduating class, entering upon an era over which the darkness is lifting, pause to count the cost, the toil and the sacrifice which has brought about this newer and better world toward which we are looking hopefully.

As this is one of the classes which has received the greater part of its education during the war years, we should realize that our responsibilities are probably greater than those of any other Grad Class. It is a newer and better world which has

to be created out of the havoc and turmoil of the war years if we are to have perpetual peace. To do this, we must somehow attain a higher degree of efficiency than have our predecessors.

We mustn't be content with sitting back and saying, "We must make a better world" and doing nothing about it; we must act, and develop qualities which will carry forward our civilization, and make this period out standing. A happy full life, in the "best of worlds" can only be achieved by doing.

As always, such qualities as vivacity, enthusiasm and keenness of mind, are essential to the graduates of today. We must be careful that our enthusiasm for the new does not carry us to the point of discarding all the old theories, methods of life and culture which time has proven to be good and desirable. We must be keen to seize upon new ideas and to recognize possibilities. Another necessity is a broad outlook by which men can learn to live together. As we are faced with a world of strife, doubt and mistrust, we must not be overcome by defeatism. In this age of propaganda we are faced with two ideologies. We must be mindful of our rights as members of a great democracy and take care that we do not forfeit the individual freedom so dearly won for us.

We are leaving our high school, with a feeling of regret, yet look forward to the future. What the future holds for us depends upon our selves. It is for us to make good the work begun by others.

> Over the fruitful earth And athwart the seas Hath passed the light of noble deeds Unquenchable forever.

No—you're not seeing double or suffering from the effects of having that extra Vocab. What you're seeing is one of the many pairs of Sconc Twins! With seven of them this year, things are really poppin'.

Three of the pairs—Lauretta and Laurine Strabel; Joan and June Steele; Hope and Lovie Malowney—are identical, and yours truly can't figure out who's who. The others, though not identical, still keep us wondering, except for one couple and that's because they're fella and gal, namely Lois and Ray Veregin. To sotisfy your curiosity the missing sets are Nellie and Neta Abell; Jean and Kay Macaskill and Terry and Paddy Adamson. (Not bad, eh!)

The above facts all add up to another reason why Scona's on the beam. We have twin production (Literally, that is.)

Activities

FRESHMEN'S FLING

Honoring the newcomers to our "fair school," Scona held its first lit of the year. The "Scona Stinkers" of Grode X were welcomed to our gym and from then on were in the capable honds of our M.C. Ramona Chaplin. The highlight of our lively programme was the rendition of the staff song, by our "balmy baritones" Rod Clark, Ian Macdonald, Keith Pfrimmer, and Jack Dowe.

The refreshments and dances, in true "Scona Style", gave the affoir a rollicking send-off for the coming year's activities.

SADIF HAWKIN'S SHUFFLE

"A hundred years ago today a wilderness was here,

A man with powder in his gun went out to hunt a deer.

But now the times have rearranged, we have a different plon,

A dear with powder on her nose, goes out to hunt a mon."

Quoted from Mr. Heywood.

Greeted at the door by a tape meosure, Scona's "Daisy Maes" poid a cent for every inch of their waistlines, for admission.

Albert Jones, last year's President, was M.C. of a very enjoyable pregromme in which Amos and Andy, otherwise Jim Moroney, and Bcb Henderson, supplied the majority of the laughs.

Winners of the prizes for the best costumes were LeRoy Wood and Betty Rushton, who represented "Stupidity" and "Moonbeom McSwine".

So Sadie Hawkins' Day was over for another year, with the girls hoping for bigger and better things to come.

CANDLE CAPERS

On December 20th Scona students began the Yuletide festivities with a gay donce complete with colorful hats and twinkling bells. We enjoyed the old-fashioned carol singing and the numerous skits supplied by local talent. Jolly old Santa Claus, Jock Dawe, completed the appropriate setting and added to our "Scona Sparkle".

We would like to thank Robin Munson and company who managed our coke bar and all the others who gave so freely of their time to make the dance such a success.

SCONA SLEIGH RIDE

To the tune of the "Jingle Jangle" of the sleigh bells, the inmates of our "noble institution" set out for the time of their lives, that is if you call living to spend half the evening in a snowdrift, having your face washed and running behind the sleighs for miles. Of this Mr. and Mrs. Robertson and no complaint, for thanks to our genial President, they were supplied ith a private little cutter. Later, back at our gym, appetites were satisfied with cokes and doughnuts. The remainder of the evening was spent vinging our partners round and round to the "square donce platters" tayed by Rod.

Feeling "for better or for worse" we said good-bye to another eventful ad delightful evening.

SCONA SKATING PARTY

On the night of February 20, Sconaites turned out in full force for eir skating party. Our newly elected King, Mel Croome and Queen Kay ackaskill were there, royally robed, for their coronation.

Later in the evening we exchanged our skates for moccasins and donced the same waltzes.

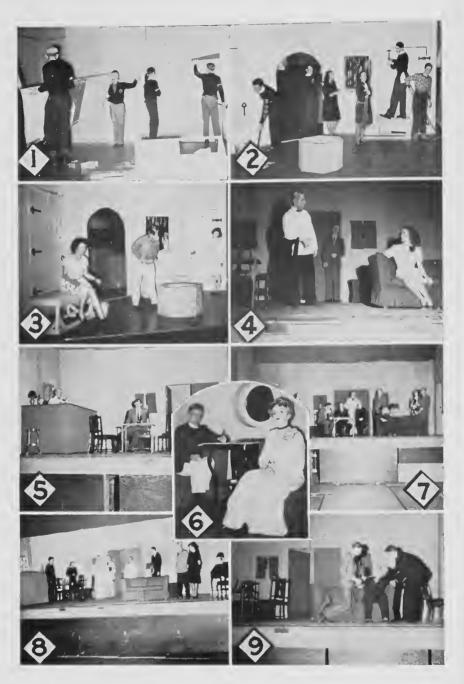

Thanks go to Audrey MacQuarrie and Betty Macdonald who so capably andled the arrangements.

THE YEAR PLAY

Again the Dramaclub of Strathcona High School scored a success with their Year Play, "Outward Bound," by Sutton Vane.

"A strange story, a strange ship, a strange destination," read the advertisements. This was true. For three nights an enthralled audience traveled with the cast into the beyond.

James K. Moroney, as Scrubby, bartender, waiter, steward, and crew—the only one who knew the destination of the strange ship, played his role with depth of feeling and understanding. He had many beautiful lines to deliver which he did with real feeling.

Anne and Henry (Shirley Leitch and Oakley Dyer) the "half-ways" who had committed suicide but were given an opportunity to face life again with their new-found courage, carried the play to a realistic and successful limax.

Tom Prior (Robert Henderson), portrayed the difficult role of the oung wastrel convincingly. His interpretation showed deep understanding. Its bewilderment at the predicament of the lost souls on board ship, of its finding that the passengers were all dead, are memorable scenes.

Jo Pilcher as Mrs. Cliveden-Banks played an entirely different type f character from that of the Thirteenth Chair. Her finished performance of the selfish society woman was a delight to all. Her exit at the end of act Three always received a well-deserved ovation. Best wishes for success a your acting career, Jo.

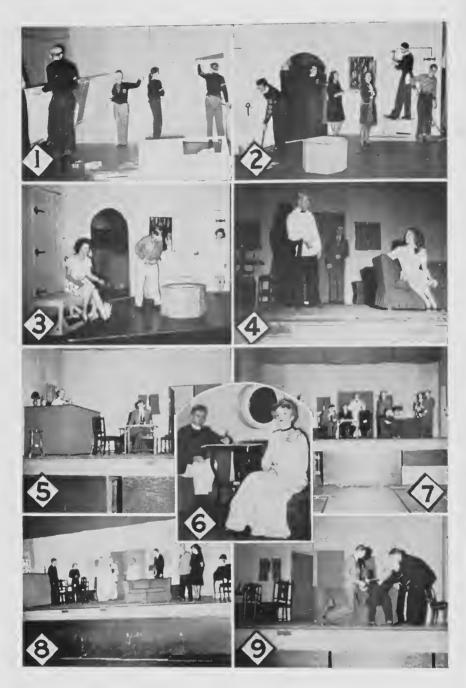

Ken Horne, the Lingley of Lingley Limited, a pompous business execuve, contrasted well with the gentle, kindly padre, Dick Bradshaw. Both nese players, assets to the Dramaclub, made their first appearance this ear.

Leo Krysa was again called upon to dominate the stage, as he did last ear as Donahue. As the final examiner, Thomson, he had the difficult rork of dealing with the passengers aboard ship. His characterization of he kindly yet stern judge was a high point of the play.

Norma Smith, at very short notice, one hour before curtain time, had a step into the the role of Mrs. Midget, because of the illness of Pat Sykes. Norma carried the part so well that the audience did not suspect that a ubstitution had been made.

Stage sets are an integral part of any production. To Tom Bull, stage manager, and his crew goes great credit for the "eye-delighting" sets, and for the smoothness with which the production carried on: the efficient property crew under Audrey Clark, the lighting crew under Ken Kinders' direction completed a well-rounded production. The curtains closed once again upon a Dramaclub play under the skilful direction of J. Pollette, designer and director of "Outward Bound."

In boys' rugby during the fall of '46 Scona had its share of the wins and losses. Although the teams did not bring home the cup we put up a

good battle.

As for the bantams, who did the best for our school, all games in regular league play were won by Scona but the team lost to Vic bantams 16-11 in a sudden death final for city honors. Alvin Bryant, George Davis and Oryst Stogryn made gains running the ball while Freddie Morie made good nearly every convert. Better luck next time, and let's bring the cup back to Scona!

The Juniors paced by Don Wingfield, Jim Pritchard, and Jim Williams didn't do quite as well as did the bantams, but made a good attempt. Of aix games played they won three and lost three for a fifty-fifty average.

Last but not least, the Seniors won but a single game of their four vith U.H.S. The last aame played by our Seniors was won with stars Aubrey McGregor, Boyd Edwards and Harvey Silzer who played superbly. I hink that this school should protest playing on the University Grounds until the playing field is improved.

Before I finish I would like to express my thanks, and the thanks of he players to Mr. Innes, Mr. Fisk and those who helped coach the teams. May I add before I close that I wish the teams of our coming seasons much

greater success in the bringing back all the RUGBY CUPS.

Plans are now being made for a challenge game with Westglen for the Senior hockey cup.

The team on poper, shapes like a very good team and should be able to make it a great fight for the laurels. We expect good support from steody going players like Denny Smith and Ken Smith (not brothers) in the nets. I would like to wish the teom much success in the coming gome.

JUNIOR HOCKEY

As yet there have not been any challenges for the Junior cup which we retain. We expect, if any such chollenge occurs, our boys will put up o good fight to retain the honors.

BANTAM HOCKEY

The Scona hockey team hos once again brought the trophy for that division back to Scona. The Bantam team, under the oble guidance of Mr. Montgomery, ployed two games and come out on the long end of both scores. The first game played on Westglen ice, was won by a 2-1 score, and the second, played on home ice, wos 5-1 in our fovour. BASKETBALL

Girls' basketball opened with o bright outlook this year. House League teams under the captains, Joy Phillips, Margaret Fitzsimmons, Normo Smith, and Joyce Weastell, began practice early in September with playoffs in February.

Our senior and junior teams have recruited some promising young stars, and from all reports have a fair chance of top place in the inter-

school league.

The teams would like to thank Bob Cunningham for coaching the House League teams and Doug Swail and D'arcy Duncan for their understanding and helpfulness in coaching Junior and Senior teams. Great thanks are olso due to Lee Bornstein for her vitality and energy spent in organizing girls' basketball.

JOYCE WEASTELL, Sports Editor.

Every Thursday night any boys that were interested in playing basket-ball got together at Garneau gym to practice and play exhibition games ogainst any challenger. The boys played such schools as Garneau, Vorsity, Eastwood and Victoria. Although the team was not very successful in its games, the members received experience. The type of league that was played in, was restricted to all organized players, and so all the underprivileged students had a better chance to play school ball. More experienced players, Dick Bradshaw, Bob Cunningham and Gord Mainwood helped the team immensely. This team received very poor support compored to the turn-out some rival schools have to back their team.

Bobby Wright is trying to show those Rasmussen girls, Beryl and Cecy, a good time.

It looks pretty serious between cute Joanie Sherlaw and Jim Ruttan. Three years is an awfully long time to go steady.

What is the matter with Scona boys, Eileen? Or does Miss Bryant just naturally prefer U.H.S.?

We notice that Kay Macaskill's badminton is improving. Could it be Aubrey's coaching?

Avis and Terry are still seen everywhere together and don't they make the cutest couple?

Bryson Stone is just another of those Grade XII boys who seem to prefer the company of the Grade X girls. Namely Alyce Kendrick.

Why it is that Vern Bretin and Vi Minchau are away so many afternoons, hmmm? One guess!

What would Scona do without Phyl Cox's oustanding feats on the basketball court? How is she at Chesterfield Rugby, Jack?

At the Sadie Hawkin's dance we noticed that Betty Rushton's voice was really nice. Also . . . taking lessons from Gypsy Rose Lee, Betty?

You should see those Grade X gals flock around Mo Slutsky last period Drama class.

Bob Cunningham even carries Betty's books to and from school. Must be love!!

Too bad, kids, that beverage in "Outward Bound" was only cold tea . . . topped with egg whites.

Did you hear Neil Ward arguing about the hardships of men? Who is going to stick up for the women?

Did you know Mr. Scarborough told Ian Macdonald that if he spent as much time on his Algebra as he did kissing that girl at the Christmas dance, he'd be much better off?

Since Allan Rankin's father found out that he had been making "frequent" visits to the pool hall, we see him playing Ping Pong in the upper hall.

The Greatest Memorial To Strathcona Students Is Strathcona High

To the students of Strathcona High School who kept their rendezvous "at some disputed barricade" there can never be any greater memorial than the free, unconquered halls of Strathcona High.

That no conqueror's heels clang down its corridors is due solely to the fact that "... on some scarred slope of battered hill" and "... in some flaming town" boys from Strathcona High and similar schools throughout the free countries of the World went forth with the resolution in their hearts that:

"I to my pledged word am true
I shall not fail that rendezvous."
